FRIDAY, OCTOBER 24, 1884.

Married. MIN-O'BRYAN. TAYLOR-O'BRYAN. On Wednesday, Oct. 15, 1884 at the residence of the brides parents, in the town of New Murdock Kansas by Rev. G. H. Smith, Mr. Newman H. Mix and Miss Mollie O'Bryan, also Mr. Clarence Taylor and Miss Ida O'Bryan, all of Kingman county

The ceremony was performed at 11 o'clock a. m. and was witnessed by a select number of chosen guests. After congratulations and wishes that they may find life full of pleasure and that they may never have cause them for better or for worse. The entire company were led to the dinner table, where they engaged in a feast "For finer or fatter, Ne'r ranged in forest, or smoked in plat'r. prepared by the parents of the brides, and the guests should be congratulated on the way they acquitted themselves on this occasion. A well fed company inspires sociability, this was no exception to the rule for nev er in the town of New Murdock will a party spend a more agreeable time.

with elegance and taste. Miss Mollie in a seal brown satin suit of the latest style, pearl necklace white silk pearl necklace white silk tie gold chain bonnet to match suit trimmed with white plue, bracelets and white kid gloves. The happy grooms were dressed as grooms generally are on such occasions, in their Sunday goto-meetin' suits.

Immediately after dinner the wedded pairs accompanied by Mr. John Long and his wife Hixie Long (nee Jared, a newly married couple) started on a tour through the south and western portion of this state, intending to return via Kingman the Queen city of the southwest. The guests then separated returning to their of the newly married couples.

M Mer I X. X. X. U. The three brides, and two of the grooms, Messrs. Taylor and Long, mentioned in the above notice were former residents of Chariton county, where they are pleasantly remembered by a host of friends who join us in wishes for their future happiness and prosperity. We also congratuhave cause to regret the step taken

by them in securing partners for life. We acknowledge receipt of several different kinds of the wedding cake

lands disposed of.

raising all kinds of food even to sugar cane.

best way to preserve the upper and lower ends of white oak posts? They are to be used in a sandy soil. Please explain the application fully, [Gas tar should be applied to the portion below ground, and crude petroleum to the part above. The gas tar is best applied by first heating it in a deep boiler, taking care not to set it on fire, and then dip the lower ends of the posts in it. A more imperfect way is to heat the of our own beloved state, where not Students who have completed under 1884. tar and apply it hot with a course a dollar of the people's money has our instruction. brush. The petroleum is applied with a white-wash brush.)

Of the care of potatoes in fall and winter an experienced grower says: or that your national interest are not soon as the tops have dried down, no matter whether they are intended for marketing at once or to be put in the cellar. If the cellar is cool, dry and dark, they will keep better there than in the ground, and will not be than in the ground, and will not be liable to be spoiled by too much wet weather, as they would be in the toes at once without regard to the prospect of better prices at a later

A French farmer's experiments 150 germinated. They gave 58 heads, with 682 grains. This return kept on increasing for each bed as it decreased in depth at which the seeds were planted. At 31 inches deep 93 seeds sprouted, with 992 heads,

yielding 18,534 grains. At 11 inch-| array of facts, the republicans will s, sprouting 142 seeds, there were say the democrats undertook to break tained by the 11 inch bed.
